Office U.S. Treas. & Philadelphia

Please call on  
the Superintendent Mint and ascertain if he  
cannot take some new and fine cent pieces  
immediately for cleansing and reissue under  
appropriation inundry Civil bill. Preston  
don't seem able to find out anything definite  
and the papers have gotten hold of the Circular  
which was rather prematurely printed causing  
continuous and urgent requests from the  
West & South for these coins. See how much  
we can transfer at a time. Wire me if answer  
is favorable.

Very respectfully
